Felicitas Private Markets Fund Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Trustees of
Felicitas Private Markets Fund

Opinion on the Financial Statements

We have audited the accompanying consolidated statement of assets and liabilities, including the consolidated schedule of investments, of Felicitas Private Markets Fund (the “Fund”) as of June 30, 2026, the related consolidated statements of operations, cash flows, and changes in net assets, the related notes, and the consolidated financial highlights for each of the periods indicated below (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of June 30, 2026, the results of its operations, its cash flows, the changes in net assets, and the financial highlights for each of the periods indicated below, in conformity with accounting principles generally accepted in the United States of America.

Fund Name	Consolidated Statements of Operations and Cash Flows	Consolidated Statement of Changes in Net Assets	Consolidated Financial Highlights
Felicitas Private Markets Fund	For the year ended June 30, 2026	For the year ended June 30, 2026, and June 30, 2025	For the year ended June 30, 2026, June 30, 2025, and for the period from July 1, 2023 (commencement of operations) to June 30, 2024

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of June 30, 2026, by correspondence with the custodian, broker, private companies, underlying borrowers, and underlying fund administrators or managers; when replies were not received from counterparties, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Felicitas Private Markets Fund
Manager's Discussion and Analysis of Fund Performance
June 30, 2026 (Unaudited)

Dear Shareholder,

We are pleased to present the audited annual financial statements for the Felicitas Private Markets Fund (the "Fund") for the fiscal year ended June 30, 2026 ("Fiscal Year").

Market Overview and Strategy

The past Fiscal Year was marked by a sharply divergent return environment across public markets, as small-cap equities rebounded strongly while core fixed income generated more modest positive returns. Private market activity continued to reflect a more cautious exit environment, higher financing costs, and uneven liquidity conditions across alternative asset markets.

Despite this backdrop, the Fund remained focused on its private market's investment strategy, seeking yield and capital appreciation through investments in private equity, private credit, and real estate. Under normal market conditions, at least 80% of the Fund's net assets (plus the amount of any borrowings for investment purposes) are invested in such private assets. The Fund's portfolio was comprised of 42.1% private equity, 43.2% private credit, 14.1% secondary funds, 4.2% real estate, 14.4% loans and 0.2% short term investments as of the end of the Fiscal Year.

During the Fiscal Year, the Fund particularly emphasized income-oriented and structured private credit opportunities, including:

- Mezzanine tranches of Collateralized Fund Obligations: The Fund invested in structured credit opportunities backed by portfolios of private market fund interests.
- NAV loan opportunities: The Fund pursued investments and co-investments in NAV loans and related private-credit structures secured by high-quality collateral.

These strategies were selected for their potential to deliver attractive risk-adjusted returns while also supporting portfolio liquidity.

Portfolio Performance

For the Fiscal Year, the Fund's Class Y Shares (FPMYX) delivered an average annual total return of 4.29%**.

The Fund's portfolio remained allocated across private credit, private equity, secondary funds, real estate and liquidity-oriented investments. Notable performance highlights include:

- Positive Contributors: Credit-oriented and secondary investments were among the strongest contributors, driven by recurring income from credit positions and appreciation in secondary investments. Certain private equity holdings also contributed positively.
- Negative Contributors: Real estate holdings and certain private equity positions detracted from performance. The real estate decline was concentrated in a single investment written down to its estimated residual value; the private equity decline reflected reductions in reported net asset value by the underlying managers. The valuation techniques and unobservable inputs applied to these holdings are described in Note 3.

Liquidity and Fund Operations

As of June 30, 2026, the Fund's net assets totaled \$101.1 million. The decrease in net assets from the prior Fiscal Year primarily reflected capital share transactions and distributions to investors, partially offset by positive results from operations.

The Fund continued to provide limited shareholder liquidity through its quarterly tender repurchase program and utilized its \$20.0 million revolving line of credit to support working capital requirements and investment activity.

Closing Remarks

We appreciate your continued support and investment in the Fund. Our team remains focused on executing the Fund's investment strategy with discipline and care, while managing risks prudently in a complex market environment.

For a detailed listing of the Fund's holdings, please refer to the Consolidated Schedule of Investments.

Sincerely,

Bonar Chhay
Managing Partner
Felicitas Global Partners, LLC

** The return shown is based on net asset value calculated for shareholder transactions and may differ from the return shown on the Consolidated Financial Highlights, which reflects adjustments made to the net asset value in accordance with accounting principles generally accepted the United States of America.

Performance of a \$250,000 Investment

This graph compares a hypothetical \$250,000 investment in the Fund's Class Y shares, made at its inception, with similar investments in the Benchmark 50% Russell 2000® Index + 50% Bloomberg US Aggregate Bond Index, the Russell 2000® Index and the Bloomberg US Aggregate Bond Index. Results include the reinvestment of all dividends and capital gains. The indices do not reflect expenses, fees, or sales charges, which would lower performance.

The Russell 2000® Index measures the performance of the small-cap segment of the US equity universe. The Russell 2000® Index is a subset of the Russell 3000® Index, representing approximately 7% of the total market capitalization of that index, as of the most recent reconstitution. It includes approximately 2,000 of the smallest securities based on a combination of their market cap and current index membership. The Bloomberg US Aggregate Bond Index is a broad-based flagship benchmark that measures the investment grade, U.S. dollar-denominated, fixed-rate taxable bond market. The index includes Treasuries, government-related and corporate securities, fixed-rate agency MBS, ABS and CMBS (agency and non-agency).

Average Total Returns as of June 30, 2026	1 Year	3 Year	Since Inception*
Felicitas Private Markets Fund – Class Y	4.29%**	3.45%	3.45%
Russell 2000® Index	40.78%	66.84%	66.84%
Bloomberg US Aggregate Bond Index	3.79%	12.99%	12.99%
50% Russell 2000® Index + 50% Bloomberg US Aggregate Bond Index	22.29%	39.92%	39.92%

* Commencement of operations for the Felicitas Private Markets Fund Class Y was June 30, 2023, following the reorganization of Felicitas Equity Fund, LP with and into the Fund, which was effective as of close of business on June 30, 2023. See Note 1 in the accompanying notes to the consolidated financial statements.

** The return shown is based on net asset value calculated for shareholder transactions and may differ from the return shown on the Consolidated Financial Highlights, which reflects adjustments made to the net asset value in accordance with accounting principles generally accepted the United States of America.

The performance data quoted here represents past performance and past performance is not a guarantee of future results. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance information quoted. The most recent quarter end performance may be obtained by calling (844) 626-4428.

Returns reflect the reinvestment of distributions made by the Fund, if any. The graph and the performance table above do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

For the Fund's current expense ratios, please refer to the Consolidated Financial Highlights Section of this report.

* The Fund commenced operations following the close of business on June 30, 2023 following the reorganization of Felicitas Equity Fund, LP which was effective as of close of business on June 30, 2023. Prior to that, the Fund had been inactive except for matters relating to the Fund's establishment, designation and planned registration of the Fund's shares of beneficial interest under the Securities Act and the sale of 5,000 shares to the Investment Advisor for \$100,000 on June 20, 2023 at an initial Net Asset Value ("NAV") of \$20 per share. See Note 1 in the accompanying notes to consolidated financial statements.

(1) Per share data is computed using the average shares method.

(2) Recognition of net investment income by the Fund is affected by the timing of the declaration of dividends by the underlying funds in which the Fund invests. Ratios do not include net investment income of the funds in which the Fund invests.

(3) These ratios exclude the impact of expenses of the underlying investment companies holdings as represented in the Consolidated Schedule of Investments.

(4) If the leverage interest had been excluded, the expense ratios would have decreased by 0.05% for the year ended June 30, 2025.

(5) If the line of credit fees and expenses and current tax expense had been excluded, the expense ratios would have decreased by 0.56% and 0.40%, respectively for the year ended June 30, 2026.

Felicitas Private Markets Fund
Consolidated Financial Highlights — Class Y Shares — (Continued)

- (6) Total return based on per unit net asset value reflects the change in net asset value based on the effects of the performance of the Fund during the period and assumes distributions, if any, were reinvested. Total returns shown exclude the effect of applicable sales charges.
- (7) Includes adjustments in accordance with US GAAP and accordingly, the returns and per unit net asset value for financial reporting may differ from the returns and per unit net asset value used for shareholder transactions.
- (8) Calculated by subtracting the Fund's total liabilities (not including borrowings) from the Fund's total assets and dividing this by the total number of senior indebtedness units, where one unit equals \$1,000 of senior indebtedness.

See accompanying notes to the consolidated financial statements.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026

1. Organization

Felicitas Private Markets Fund (the “Fund”) is a Delaware statutory trust registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as a non-diversified, closed-end management investment company. Effective November 30, 2023, the Fund registered its shares of beneficial interest (“Shares”) under the Securities Act of 1933, as amended (the “Securities Act”). The Fund is an appropriate investment only for those investors who can tolerate a high degree of risk and do not require a liquid investment.

Simultaneous with the commencement of the Fund’s operations (“Commencement of Operations”), Felicitas Equity Fund, LP (the “Predecessor Fund”), reorganized with and transferred substantially all its assets into the Fund (the “Reorganization”). The Fund maintains an investment objective, strategies and investment policies, guidelines and restrictions that are, in all material respects, equivalent to those of the Predecessor Fund. Felicitas Global Partners, LLC serves as the investment sub-adviser to the Fund and was the investment adviser to the Predecessor Fund. The Fund and the Predecessor Fund share the same portfolio managers. The tax-free Reorganization was accomplished at the close of business on June 30, 2023. The Reorganization was accomplished by the following tax-free exchange in which each limited partner of the Predecessor Fund received the same aggregate share net asset value (“NAV”) in the corresponding classes as noted above:

	<u>Shares Issued⁽¹⁾</u>	<u>Net Assets⁽¹⁾</u>
Class Y Shares NAV \$20.00	5,440,203	\$ 108,804,052

(1) As of June 30, 2023.

The net unrealized appreciation of investments transferred was \$23,674,562 as of the date of the transfer, and the cost basis of the investments received of \$70,701,844 and fair value of \$94,376,406 were carried forward to align ongoing reporting of the Fund’s realized and unrealized gains and losses with amounts distributable to the Fund’s shareholders (collectively, “Shareholders”) for tax purposes.

Prior to the Reorganization, the Fund had been inactive except for matters relating to the Fund’s establishment, designation and planned registration of Shares under the Securities Act and the sale of 5,000 Shares to the Investment Adviser (as defined below) for \$100,000 on June 20, 2023, at an initial NAV of \$20.00 per Share.

Skypoint Capital Advisors, LLC serves as the investment adviser (the “Investment Adviser”) of the Fund. The Investment Adviser provides day-to-day investment management services to the Fund, including selection and oversight of the Sub-Adviser and the Fund’s other service providers. Felicitas Global Partners, LLC serves as the investment sub-adviser (hereinafter, the “Sub-Adviser” and, together with the Investment Adviser, the “Advisers”) of the Fund. The Sub-Adviser provides day-to-day investment management services to the Fund, including investment selection, initial and on-going due diligence of Underlying Managers (as defined below) and asset allocation. The Advisers are registered as investment advisers with the Securities and Exchange Commission (“SEC”) under the Investment Advisers Act of 1940, as amended (the “Advisers Act”). The Board of Trustees of the Fund (the “Board” and the members thereof, “Trustees”) has overall responsibility for the management and supervision of the business operations of the Fund.

The Fund’s investment objective is to deliver a combination of yield and capital appreciation. The Fund intends to seek its investment objective through a portfolio of private equity, private credit and real estate investments (“private assets”). Under normal circumstances, the Fund seeks to achieve its objective by investing at least 80% of its net assets (plus the amount of any borrowings for investment purposes) in “private assets” (“80% Policy”). For purposes of this 80% Policy, private assets include: (i) investments in general or limited partnerships, funds, corporations, trusts, closed-end funds (including, without limitation, funds-of-funds) (together, “Investment Funds”) that are managed by independent investment managers (i.e., investment advisers unaffiliated with the Advisers) (each, an “Underlying Manager” and collectively, the “Underlying Managers”); (ii) secondary investments in Investment Funds managed by Underlying Managers; (iii) co-investment vehicles that invest alongside Investment Funds; and (iv) other direct investments in the equity or debt of a company, which are not generally available to unaccredited investors. Investment Funds will be limited to (i) private funds (e.g., exempt under Section 3(c)(1) or 3(c)(7) from registration under the 1940 Act), or (ii) registered investment companies and non-traded business development companies that invest at least

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

1. Organization (cont.)

80% of their assets in “private assets” that are only available to accredited investors. The Fund does not intend to invest directly in real estate but may invest in real estate indirectly through Investment Funds. The Fund’s investments also will include direct investments in equity or debt alongside private equity funds and firms, and the Fund may provide debt or preferred equity financing to other companies, institutions, funds, or fund managers. The Fund will invest primarily in Investment Funds and, to a lesser extent, in co-investments and direct investment. The Fund may change the 80% Policy without shareholder approval upon at least 60 days’ prior written notice to Shareholders.

Basis for Consolidation

As of June 30, 2026, the Fund has one wholly-owned subsidiary, Felicitas Private Markets Fund Blocker, LLC (the “Subsidiary”), formed as a Delaware limited liability company on March 10, 2023. The Consolidated Schedule of Investments, Consolidated Statement of Assets and Liabilities, Consolidated Statement of Operations, Consolidated Statements of Changes in Net Assets, Consolidated Statement of Cash Flows and Consolidated Financial Highlights of the Fund include the accounts of the Subsidiary. All inter-company accounts and transactions have been eliminated in the consolidation for the Fund. As of June 30, 2026, total net assets of the Fund were \$101,141,774, of which \$8,086,024, or approximately 8%, was held in the Subsidiary.

2. Significant Accounting Policies

Basis of Preparation and Use of Estimates

The Fund is an investment company and follows the accounting and reporting guidance under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, *Financial Services — Investment Companies*. The preparation of the financial statements in accordance with the generally accepted accounting principles in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

Fair Value — Definition and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All investments in securities are recorded at fair value. The Fund uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, defined in FASB ASC 820, *Fair Value Measurements*. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.
- Level 2 — Inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly. These inputs may include: (a) quoted prices for similar assets in active markets; (b) quoted prices for identical or similar assets in markets that are not active; (c) inputs other than quoted prices that are observable for the asset; or (d) inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 — Inputs that are unobservable and significant to the entire fair value measurement.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

2. Significant Accounting Policies (cont.)

Investments in private Investment Funds measured using NAV as practical expedient are not categorized within the fair value hierarchy.

Fair value is a market-based measure, based on assumptions of prices and inputs considered from the perspective of a market participant that are current as of the measurement date, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Fund's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date.

The availability of valuation techniques and observable inputs can vary from investment to investment and are affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed. Accordingly, the degree of judgment exercised by the Fund in determining fair value is greatest for investments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy in which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

Fair Value — Valuation Techniques and Inputs

The Fund calculates its NAV as of the close of business on the last day of each quarter and at such other times as the Board may determine, including in connection with repurchases of Shares, in accordance with the procedures described below or as may be determined from time to time in accordance with policies established by the Board.

For purposes of calculating NAV, portfolio securities and other assets for which market quotations are readily available are valued at market value. Shares of mutual funds, including money market funds, are valued at their reported NAV. A market quotation is readily available only when that quotation is a quoted price (unadjusted) in active markets for identical investments that the Fund can access at the measurement date, provided that a quotation will not be readily available if it is not reliable.

Investments for which market quotations are not readily available are valued at fair value as determined in good faith pursuant to Rule 2a-5 under the 1940 Act. As a general principle, the fair value of a security or other asset is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pursuant to Rule 2a-5, the Board has designated the Investment Adviser as the valuation designee (in such capacity, the "Valuation Designee") for the Fund to perform in good faith the fair value determination relating to all Fund investments, under the Board's oversight. The fair values of one or more assets may not be the prices at which those assets are ultimately sold and the differences may be significant.

The Fund values its investments in private Investment Funds (generally private funds that are excluded from the definition of "investment company" pursuant to Sections 3(c)(1) or 3(c)(7) of the 1940 Act). In accordance with the Fund's valuation procedures (the "Valuation Procedures"), fair value as of each quarter-end or other applicable accounting periods, as applicable, ordinarily will be the value determined as of such date by each private Investment Fund in accordance with the private Investment Fund's valuation policies and reported at the time of the Fund's valuation. As a general matter, the fair value of the Fund's interest in a private Investment Fund will represent the amount that the Fund could reasonably expect to receive from the private Investment Fund if the Fund's interest was redeemed at the time of valuation, based on information reasonably available at the time the valuation is made and that the Fund believes to be reliable. The Fund will determine the fair value of such private Investment Fund based on the most recent final or estimated value reported by the private Investment Fund, as well as any other relevant information available at the time the Fund values its portfolio.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

2. Significant Accounting Policies (cont.)

The Valuation Procedures require the Valuation Designee to take reasonable steps in light of all relevant circumstances to value the Fund's portfolio. The Valuation Designee will consider such information and may conclude in certain circumstances that the information provided by an Underlying Manager does not represent the fair value of the Fund's interests in the Investment Fund. The Investment Adviser will consider whether it is appropriate, in light of all relevant circumstances, to value such interests at the NAV as reported by the Underlying Manager at the time of valuation, or whether to adjust such value to reflect a premium or discount to NAV. In accordance with U.S. GAAP and industry practice, the Fund may not always apply a discount in cases where there is no contemporaneous redemption activity in a particular Investment Fund. In other cases, as when an Investment Fund imposes extraordinary restrictions on redemptions, when other extraordinary circumstances exist, or when there have been no recent transactions in Investment Fund interests, the Fund may determine that it is appropriate to apply a discount to the NAV of the Investment Fund. Any such decision will be made in good faith, and subject to the review and supervision of the Board.

The Valuation Procedures provide that, where deemed appropriate by the Valuation Designee and consistent with the 1940 Act, investments in Investment Funds may be valued at cost. Cost will be used only when cost is determined to best approximate the fair value of the particular security under consideration. For example, cost may not be appropriate when the Fund is aware of sales of similar securities to third parties at materially different prices or in other circumstances where cost may not approximate fair value (which could include situations where there are no sales to third parties). In such a situation, the Fund's investment will be revalued in a manner that the Valuation Designee, in accordance with the Valuation Procedures, determines in good faith best reflects approximate market value.

Debt securities and loans will be valued in accordance with the Valuation Procedures, which generally provide for using a third-party pricing system, agent, or dealer selected by the Valuation Designee, which may include the use of valuations furnished by a pricing service that employs a matrix to determine valuations for normal institutional size trading units. The Valuation Designee will monitor periodically the reasonableness of valuations provided by any such pricing service. Debt securities and loans with remaining maturities of 60 days or less, absent unusual circumstances, will be valued at amortized cost, so long as such valuations are determined by the Valuation Designee to represent fair value.

Securities for which the primary market is a national securities exchange are valued at the last reported sales price on the day of valuation. Listed securities for which no sale was reported on that date are valued at the mean between the most recent bid and asked prices. Securities traded on the over-the-counter market are valued at their closing bid prices.

Assets and liabilities initially expressed in foreign currencies will be converted into U.S. dollars using foreign exchange rates provided by a pricing service. Trading in foreign securities generally is completed, and the values of such securities are determined, prior to the close of securities markets in the United States. Foreign exchange rates are also determined prior to such close. On occasion, the values of securities and exchange rates may be affected by events occurring between the time as of which determination of such values or exchange rates are made and the time as of which the NAV of the Fund is determined. When such events materially affect the values of securities held by the Fund or its liabilities, such securities and liabilities may be valued at fair value as determined in good faith in accordance with procedures approved by the Board.

Investment Transactions and Related Investment Income

Investment transactions are accounted for on a trade-date basis. Interest is recognized on the accrual basis and includes, where applicable, the amortization of premium or accretion of discount using the effective interest method over the respective term of the loan. Dividend income is recognized on the ex-dividend date. Proceeds from investments in Investment Funds that represent return of capital are accounted for as a reduction to cost, and any proceeds received above the cost basis results in a realized gain. Realized gains and losses on investment transactions are determined using cost calculated on a specific identification basis. Unrealized gains and losses are reflected in operations when changes between the cost and fair value of investments occur. Income distributions received are recognized as income distributions from investments in private Investment Funds in the Consolidated Statement of Operations. Some or all

2. Significant Accounting Policies (cont.)

of the interest payments of a loan or preferred equity may be structured in the form of payment-in-kind (“PIK”), which accrues on a current basis but is generally not paid in cash until maturity or some other determined payment date. PIK interest is included in the Fund’s NAV and also in determining net investment income. Interest payments structured in the form of PIK are subject to the risk that a borrower could default when actual cash interest or principal payments are due.

Distributions and Dividend Reinvestment Plan

Distributions will be paid at least annually on the Shares in amounts representing substantially all of the net investment income and net capital gains, if any, earned each year.

The Fund has a dividend reinvestment plan (the “DRIP”). Unless a Shareholder elects to receive cash by contacting the Fund’s Administrator (as defined below), all dividends and/or capital gains distributions declared on Shares will be automatically reinvested in additional Shares at the Fund’s then current NAV. Shareholders that elect not to participate in the DRIP will receive dividends and capital gains distributions in cash. Participation in the DRIP is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Administrator prior to the dividend record date; otherwise, such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution.

Cash and Cash Equivalents, Foreign Currency and Cash and Cash Equivalents Held In Escrow

Cash and cash equivalents may include money market investments and short-term interest-bearing deposit accounts. At times, such deposits may be in excess of federally insured limits. The Fund also holds cash in escrow for subscriptions purchased in advance and tender offer holdback payments. The cash held in escrow is invested into the money market investment via special accounts held at the Custodian. The Fund has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on such accounts. Foreign currency is also held at the custodian.

Segments

The Fund has adopted Accounting Standards Update (“ASU”) 2023-07, Segment Reporting (Topic 280)—Improvements to Reportable Segment Disclosures (“ASU 2023-07”). An operating segment is defined as a component of a public entity that engages in business activities from which it may recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity’s chief operating decision maker (“CODM”) to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. The Fund’s President acts as the Fund’s CODM. The Fund represents a single operating segment, as the CODM monitors the operating results of the Fund as a whole and the Fund’s long-term strategic asset allocation is pre-determined in accordance with the terms of the Fund’s single investment objective which is executed by the Fund’s portfolio managers as a team. The financial information in the form of the Fund’s portfolio composition, total returns, expense ratios and changes in net assets, which are used by the CODM to assess the segment’s performance versus the Fund’s comparative benchmarks and to make resource allocation decisions for the Fund’s single segment, is consistent with that presented within the Fund’s consolidated financial statements. The total return and performance of the Fund is reflected within the accompanying Consolidated Financial Highlights. Segment assets are reflected on the accompanying Consolidated Statement of Assets and Liabilities as “total assets” and significant segment expenses are listed on the accompanying Consolidated Statement of Operations.

Federal Income Taxes

The Fund has elected to be treated and intends to qualify each year as a “regulated investment company” (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). As a RIC, the Fund will not be subject to federal income tax to the extent it distributes substantially all of its net investment income and capital

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

2. Significant Accounting Policies (cont.)

gains to Shareholders. Therefore, no federal income tax provision is required. Management of the Fund is required to determine whether a tax position taken by the Fund is “more-likely-than not” to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Based on its analysis, there were no tax positions identified by management of the Fund which did not meet the “more-likely-than not” standard as of June 30, 2026.

The Fund intends to distribute all or substantially all of its taxable income to Shareholders and to comply with the other requirements of Subchapter M of the Code, applicable to RICs. Accordingly, no provision for U.S. federal income taxes is required. If the Fund were to fail to meet the requirements of Subchapter M to qualify as a RIC, and if the Fund were ineligible to or otherwise unable to cure such failure, the Fund would be subject to tax on its taxable income at corporate rates, whether or not distributed to Shareholders, and all distributions out of earnings and profits would be taxable to Shareholders as ordinary income. In addition, the Fund could be required to recognize unrealized gains, pay substantial taxes and interest, and make substantial distributions before re-qualifying as a RIC under Subchapter M. The Fund intends to comply with the requirements under Subchapter M and to distribute substantially all of its taxable income and gains to Shareholders and to meet certain diversification and income requirements with respect to its underlying investments. The Fund has adopted June 30 as its tax year end. The income from the underlying investments for federal income tax purposes is based on amounts reported to the Fund on Schedule K-1 from the underlying investments.

In accounting for income taxes, the Fund follows the guidance in FASB ASC Codification 740, *Accounting for Uncertainty in Income Taxes* (“ASC 740”). ASC 740 prescribes the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken by an entity before being measured and recognized in the consolidated financial statements. Management evaluates the tax positions taken or expected to be taken in the course of preparing the Fund’s tax returns to determine whether the tax positions will “more-likely-than-not” be sustained upon examination by the applicable tax authority. Tax positions deemed to meet the “more-likely-than-not” threshold that would result in a tax benefit or expense to the Fund would be recorded as a tax benefit or expense in the current year. The Fund has not recognized any tax liability for unrecognized tax benefits or expenses. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Consolidated Statement of Operations. During the year ended June 30, 2026, the Fund did not incur any interest or penalties. Management has reviewed the Fund’s tax positions for all open tax years (generally, three years) and has concluded that no provision for unrecognized tax benefits or expenses is required in these financial statements.

The Subsidiary is taxed as a regular C-corporation for federal income tax purposes and as such is obligated to pay federal and state income tax. Under current law, the Subsidiary is not eligible to elect treatment as a RIC. The amount of taxes paid by the Subsidiary will vary depending on the amount of capital appreciation of its investments and such taxes will reduce a Shareholder’s return from an investment in the Fund. Since the Subsidiary is subject to taxation on the capital appreciation of its investments, the NAV of the Shares will also be reduced by the accrual of any deferred tax liabilities. As a result, the Fund’s after-tax performance would be impacted.

The Subsidiary accrues deferred income taxes for any future tax liability associated with capital appreciation of its investments. Upon the sale of an investment, the Subsidiary may be liable for previously deferred taxes. The Subsidiary will rely to some extent on information, which is not necessarily timely, to estimate the deferred tax liability for purposes of financial statement reporting and determining the Fund’s NAV. From time to time, the Investment Adviser will modify the estimates or assumptions related to the Subsidiary’s deferred tax liability as new information becomes available. The Subsidiary generally computes deferred income taxes based on the federal income tax rate applicable to corporations and an assumed rate attributable to state taxes.

2. Significant Accounting Policies (cont.)

Indemnifications

In the normal course of business, the Fund may enter into contracts that contain a variety of representations which provide general indemnifications for certain liabilities. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had claims or losses pursuant to these contracts and expects the risk of loss to be remote.

3. Fair Value Measurements

The Fund's assets recorded at fair value have been categorized based upon a fair value hierarchy as described in the Fund's significant accounting policies in Note 2. The following table presents information about the Fund's assets measured at fair value as of June 30, 2026:

Assets (at fair value)	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value⁽¹⁾	Total
Debt Instruments	\$ —	\$ —	\$ 17,939,639	\$ 5,235,593	\$ 23,175,232
Private Investment Funds	—	—	5,994,489	75,620,453	81,614,942
Private Operating Companies	—	—	67,247	—	67,247
Loans	—	—	14,531,772	—	14,531,772
Short-Term Investments	202,809	—	—	—	202,809
Total Investments	\$ 202,809	\$ —	\$ 38,533,147	\$ 80,856,046	\$ 119,592,002

- (1) These investments are presented for reconciliation purposes and are not required to be categorized in the fair value hierarchy since they are measured at NAV, without adjustment, as permitted as a practical expedient.

The below table reflects the unobservable inputs used in the valuation of other Level 3 assets as of June 30, 2026:

	Fair Value at June 30, 2026	Valuation Technique	Unobservable Inputs	Range of Inputs (Weighted Average)	Impact on Valuation from an Increase in Input
Debt Instruments	\$ 17,939,639	Income Approach	Discount Rate	9.2% – 19.0% (14.1%) ⁽¹⁾	Decrease
Private Investment Funds	2,522,206	Income Approach	Capitalization Rate	6.50% – 7.25% (6.88%) ⁽¹⁾	Decrease
	1,770,643	Market Approach	Estimated Sales Price	80% of NAV	N/A
	1,701,640	Market Approach	Discount Rate	17.00%	Decrease
Private Operating Companies ⁽²⁾	67,247	Other	N/A	N/A	N/A
Loans	14,531,772	Income Approach	Discount Rate	7.54% – 17.2% (12.35%) ⁽¹⁾	Decrease
	<u>\$ 38,533,147</u>				

- (1) Weighted average is determined by the mid-point of the rates.
(2) Certain Level 3 investments of the Fund, totaling fair value assets of \$67,247, have been valued using the unadjusted third-party or sponsor-reported values. These assets are insignificant to the Fund.

3. Fair Value Measurements (cont.)

The following table presents the changes in assets and transfers in and out for investments that are classified in Level 3 of the fair value hierarchy for the year ended June 30, 2026:

	Debt Instruments	Private Investment Funds	Private Operating Companies	Loans	Totals
Balance as of July 1, 2025	\$ 8,556,194	\$ 4,199,962	\$ 2,847,348	\$ 12,326,833	\$ 27,930,337
Purchases	9,230,724	22,825	10,118	3,040,625	12,304,292
Sales/Paydowns	—	—	(2,739,418)	(225,324)	(2,964,742)
Realized gains(losses)	—	—	130,972	—	130,972
Distributions	—	—	—	—	—
Change in Unrealized appreciation (depreciation)	152,721	23,070	(181,773)	(610,362)	(616,344)
Transfers In	—	1,748,632 ⁽¹⁾	—	—	1,748,632
Transfers Out	—	—	—	—	—
Balance as June 30, 2026	\$ 17,939,639	\$ 5,994,489	\$ 67,247	\$ 14,531,772	\$ 38,533,147
Change in unrealized gains or (losses) for the period included in earnings (or changes in net assets) for Level 3 assets held at the end of the reporting period	\$ 152,721	\$ 23,070	\$ (181,773)	\$ (610,362)	\$ (616,344)

- (1) Transferred from Investments Measured at Net Asset Value as the Fund will no longer receive Audited Financials Statements for these securities. The investment in this fund was fair valued by the Investment Adviser as disclosed in the table above.

The following table represents investment categories, unfunded commitments and redemptive restrictions of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of June 30, 2026.

Private Investment Fund	Investment Category	Unfunded Commitment	Fair Value	Fund Term

* No redemptions are permitted.

- (1) Redemption permitted after 3 year lock-up period on a quarterly basis (up to 5% of the total fund NAV).
- (2) Withdrawals permitted upon written consent of the Underlying Manager.
- (3) The fund plans to conduct semi-annual repurchase offers at NAV, targeting between 5% and 25% of outstanding shares.
- (4) Initial lockup period of 3 years, then rolling 2-year lockup period; after lockup period, capital is returned as set of loans that exist at time of withdrawal notice is re-paid.
- (5) Withdrawals permitted annually, subject to the lock-up period of 2 years.

4. Significant Risk Factors

The Fund is subject to substantial risks — including market risks, strategy risks and Underlying Manager risks. Private Investment Funds generally will not be registered as investment companies under the 1940 Act and, therefore, the Fund will not be entitled to the various protections afforded by the 1940 Act with respect to its investments in private Investment Funds. While the Advisers will attempt to moderate any risks of securities activities of the Underlying Managers, there can be no assurance that the Fund’s investment activities will be successful or that the Shareholders will not suffer losses. The Advisers will not have any control over the Underlying Managers, thus there can be no assurances that an Underlying Manager will manage its Investment Funds in a manner consistent with the Fund’s investment objective.

The Fund’s investing activities and those of the Investment Funds expose the Fund to various types of financial risks that are associated with the financial instruments and markets in which they invest. These financial risks include credit risk, liquidity risk and market risk (including foreign currency risk, interest rate risk and other price risks). The Fund’s overall risk management program focuses on minimizing potential adverse effects on the Fund’s performance resulting from these financial risks. The Fund attempts to manage these financial risks on an aggregate basis along with other risks associated with its investing activities.

Market Disruption and Geopolitical Risks

Certain local, regional or global events such as war, acts of terrorism, the spread of infectious illnesses and/or other public health issues, financial institution instability, threatened or actual imposition of tariffs, recessions or other events, may have a significant impact on a security or instrument. Tensions, war or open conflict between nations, such as recently between Russia and Ukraine, in the Middle East or in eastern Asia, could affect the economies of many nations, including the United States. These types of events and other like them are collectively referred to as “Market Disruptions and Geopolitical Risks” and they may have adverse impacts on the worldwide economy, as well as the economies of individual countries, the financial health of individual companies and the market in general in significant and unforeseen ways. Some of the impacts noted in recent times include but are not limited to embargos, political actions, supply chain disruptions, bank failures, restrictions on investment and/or monetary movement including the forced selling of securities or the inability to participate impacted markets. The United States has enacted or proposed to enact significant tariffs, (which the U.S. Supreme Court recently ruled were unconstitutional) and various federal agencies have been directed to further evaluate key aspects of U.S. trade policy, which could potentially lead to

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

4. Significant Risk Factors (cont.)

significant changes to current policies, treaties, and tariffs. Significant uncertainty remains about the United States's future relationships with other countries with respect to such trade policies, treaties, military conflicts, sanctions and potential tariffs. These developments, or the perception thereof, may have a material adverse effect on global trade, trade between the impacted nations and the United States, the stability of global financial markets and overall global economic conditions. The duration of these events could adversely affect the Fund's performance, the performance of the securities in which the Fund invests and may lead to losses on your investment. The ultimate impact of "Market Disruptions and Geopolitical Risks" on the financial performance of the Fund's investments is not reasonably estimable at this time. Management is actively monitoring these events.

Banking Risk

The impairment or failure of one or more banks with whom the Fund transacts may inhibit the Fund's ability to access depository accounts. In the event of such a failure of a banking institution where the Fund holds depository accounts, access to such accounts could be restricted and U.S. Federal Deposit Insurance Corporation ("FDIC") protection may not be available for balances in excess of amounts insured by the FDIC. In such instances, the Fund may not recover such excess, uninsured amounts.

Credit Risk

In the normal course of business, the Fund maintains its cash balances in financial institutions, which at times may exceed federally insured limits. The Fund is subject to credit risk to the extent any financial institution with which it conducts business is unable to fulfill contractual obligations on its behalf. Management monitors the financial condition of such financial institutions and does not anticipate any losses from these counterparties.

Liquidity Risk

Investments held by the Fund are generally in illiquid securities and partnership interests acquired through privately negotiated transactions, and there is no assurance that the Fund will be able to realize such investments in a timely manner. The Fund's ability to exit its investments may be adversely affected by market conditions.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risks include foreign currency, interest rate risk and other price risks.

Foreign Currency and Exchange Risks

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. To the extent that the Fund directly or indirectly holds assets in foreign currencies, the Fund will be exposed to a degree of currency risk which may adversely affect performance. Changes in foreign currency exchange rates may materially affect the value of investments in the portfolio.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The fair value of debt securities in which the Investment Funds invest is sensitive to changes in interest rates and market conditions within the United States and other countries. The fair values of equity securities may be indirectly affected by changes in interest rates as well.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

4. Significant Risk Factors (cont.)

Other Price Risks

Other price risks relate to the risks that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from foreign currency or interest rate risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. These risks may include equity and commodity risk.

Concentration Risk

The investment portfolio of the Fund may be subject to more rapid changes in value than would be the case if the Fund were to maintain a wide diversification among securities or industry sectors.

5. Capital Stock

The Fund has designated two separate classes of Shares of the Fund, Class Y Shares and Class I Shares. Class Y Shares and Class I Shares are currently offered. As of June 30, 2026, there were no Class I Shares outstanding. The Fund has received an SEC exemptive order that permits the Fund to offer more than one class of Shares. The Fund's Shares will generally be offered as of the first business day of each calendar quarter or at such other times as may be determined by the Board. The Shares will be issued at NAV per Share. Effective November 30, 2023, the Fund registered \$175,000,000 for sale under the Fund's registration statement. No Shareholder will have the right to require the Fund to redeem its Shares.

The minimum initial investment for Class Y Shares of the Fund is \$250,000 and the minimum additional investment in Class Y Shares of the Fund by any Shareholder is \$25,000. The minimum initial investment for Class I Shares of the Fund is \$25,000 and the minimum additional investment in Class I Shares of the Fund by any Shareholder is \$5,000. However, the Fund, in its sole discretion, may accept investments below these minimums.

The Fund is not a liquid investment. At the sole discretion of the Board and provided that it is in the best interests of the Fund and Shareholders to do so, the Fund intends to, but is not obligated to, provide a limited degree of liquidity to the Shareholders by conducting repurchase offers generally quarterly on or about March 31, June 30, September 30 and December 31 of each year. Any repurchases of Shares will be made at such times and on such terms as may be determined by the Board from time to time in its sole discretion. However, no assurance can be given that repurchases will occur or that any Shares properly tendered will be repurchased by the Fund. In determining whether the Fund should offer to repurchase Shares from Shareholders of the Fund pursuant to repurchase requests, the Board may consider, among other things, the recommendation of the Investment Adviser as well as a variety of other operational, business and economic factors. If the Board determines that the Fund will offer to repurchase Shares, written notice will be provided to Shareholders that describes the commencement date of the repurchase offer, specifies the date on which repurchase requests must be received by the Fund, and contains other terms and information Shareholders should consider in deciding whether and how to participate in such repurchase opportunity. The expiration date of the repurchase offer (the "Expiration Date") will be a date set by the Board occurring no sooner than 20 business days after the commencement date of the repurchase offer, provided that such Expiration Date may be extended by the Board in its sole discretion. The Fund generally will not accept any repurchase request received by it or its designated agent after the Expiration Date. Each repurchase offer will be offered pursuant to the tender offer rules of the Securities Exchange Act of 1934. A 2.00% early repurchase fee will be charged by the Fund with respect to any repurchase of Shares from a Shareholder at any time prior to the day immediately preceding the one-year anniversary of the Shareholder's purchase of the Shares. Shares tendered for repurchase will be treated as having been repurchased on a "first in-first out" basis. An early repurchase fee payable by a Shareholder may be waived by the Fund in circumstances where the Board determines that doing so is in the best interests of the Fund.

For the year ended June 30, 2026, the Fund's capital stock transactions are reported on the Consolidated Statements of Changes in Net Assets.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

6. Federal Income Taxes

At June 30, 2026, gross unrealized appreciation and (depreciation) on investments, based on cost for federal income tax purposes, were as follows:

Cost of investments	\$ 91,837,043
Gross unrealized appreciation	30,983,331
Gross unrealized depreciation	(3,228,372)
Net unrealized appreciation/depreciation on investments	<u>\$ 27,754,959</u>

The difference between cost amounts for financial statement and federal income tax purposes is due primarily to timing differences in recognizing certain gains and losses on partnership investments and PFIC investments.

U.S. GAAP requires that certain components of net assets to be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or NAV per Share. These reclassifications are due primarily to non-deductible expenses and tax-exempt income from partnership investments and income/(loss) from wholly owned subsidiary.

For the tax year ended June 30, 2026, permanent differences in book and tax accounting have been reclassified to paid-in capital and total distributable earnings as follows:

Paid-in Capital	Increase (Decrease)	Total Distributable Earnings (Loss)
\$731,697		\$(731,697)

As of June 30, 2026, the components of accumulated earnings (deficit) on a tax basis for the Fund were as follows:

Undistributed ordinary income	\$ 2,602,537
Undistributed long-term gains	1,725,259
Tax accumulated earnings	4,327,796
Unrealized appreciation/(depreciation) on investments	\$ 25,406,826
Unrealized appreciation/(depreciation) on foreign currency	657
Other temporary differences	(215,519)
Total accumulated earnings	<u>\$ 29,519,760</u>

The tax character of distributions paid during the tax years ended June 30, 2026 and June 30, 2025, were as follows:

	2026	2025
Distributions paid from:		
Ordinary income	\$ 627,610	\$ 878,795
Net long term capital gains	3,558,214	—
Total distributions paid	<u>\$ 4,185,824</u>	<u>\$ 878,795</u>

The Fund utilized \$0 of its capital loss carryforwards during the year ended June 30, 2026.

As of June 30, 2026, the Fund did not have an accumulated non-expiring capital loss carry forward.

To the extent that a fund may realize future net capital gains, those gains will be offset by any of its unused capital loss carryforward. Future capital loss carryover utilization in any given year may be subject to Code limitations.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

6. Federal Income Taxes (cont.)

The current taxes reflect the estimated tax liability of the Fund as of June 30, 2026, based on taxable income of the Subsidiary. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities of the Subsidiary for financial reporting purposes and the amounts used for income tax purposes. A valuation allowance is recognized if, based on the weight of the available evidence, it is more likely than not that all of the deferred income tax asset will not be realized.

Currently the federal income tax rate for a corporation is 21% and blended state tax rate net of federal benefit is 5.93%. As of June 30, 2026, the Fund recorded a net deferred tax liability for the investments of the Subsidiary. Should a net deferred tax asset exist in the future, the Fund will assess whether a valuation allowance should be booked to reserve against that asset.

The Fund's current and deferred tax (expense)/benefit as of June 30, 2026 consist of the following:

Current:

Federal.	\$	(394,533)
State.		(152,330)
Total	\$	(546,863)

Deferred:

Federal.	\$	371,490
State.		143,433
Total	\$	514,923

Estimated provision for income taxes	\$	(31,940)
--	----	----------

As of June 30, 2026, the deferred tax liability is attributable to the temporary differences between the treatment of net unrealized gains on private assets on a book and tax basis.

Components of the Fund's deferred tax assets and liabilities are as follows:

Deferred Tax Liability

Net Unrealized gain/(loss) on investments	\$	(1,541,245)
Total	\$	(1,541,245)

The tax rate reconciliation table below reflects the adoption of ASU 2023-09.

Total income tax (expense)/benefit (current and deferred) differs from the amount computed by applying the federal and state statutory income tax rates to net investment income and realized and unrealized gain/(loss) on investments before taxes as follows:

	<u>Amount</u>	<u>Percent</u>
Federal Income tax expense at statutory rate	\$ (35,790)	21.00%
State Income taxes (net of federal benefit) ⁽¹⁾	(10,098)	5.93%
Prior period provision to return adjustments.	14,742	(8.65)%
Nontaxable or nondeductible items.	(795)	0.47%
Changes in unrecognized tax benefits (including prior period adjustments)	—	—
Income tax (expense)/benefit	\$ (31,940)	18.74%

(1) State taxes in Wisconsin made up the majority (greater than 50 percent) of the tax effect in this category.

6. Federal Income Taxes (cont.)

The following table summarizes income taxes paid (net of refunds received).

Federal Income Tax	\$ 138,392
State and Local Income tax	—
Foreign	—
Total	<u>\$ 138,392</u>

7. Investment Advisory and Other Agreements

The Investment Adviser is entitled to a management fee, calculated and payable quarterly in arrears, at the annual rate of 1.00% of the Fund's net assets at quarter-end. Prior to July 1, 2026, the Investment Adviser was entitled to a management fee, calculated and payable quarterly in arrears, at the annual rate of 1.50% of the Fund's net assets at quarter-end. The Investment Adviser pays the Sub-Adviser a quarterly sub-advisory fee equal to 83.33% of the first \$750,000 of Net Management Fee received by the Investment Adviser and then 66.67% of any Net Management Fee above \$750,000. The "Net Management Fee" means the gross management fee paid by the Fund to the Investment Adviser for the period being measured, minus the amount of any fee waiver or expense reimbursement paid by or due from the Investment Adviser to the Fund or any service provider to the Fund (including without limitation shareholder service fees and platform fees and expenses paid by the Fund or the Investment Adviser) under an expense limitation agreement, expense cap arrangement, or other similar agreement.

From July 2, 2025 through June 30, 2026, the Investment Adviser had agreed to waive fees that it would otherwise have been paid, and/or to assume expenses of the Fund, if required to ensure the Total Annual Expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, Incentive Fees, acquired fund fees and expenses (as determined in accordance with SEC Form N-2), expenses incurred in connection with any merger or reorganization, any shareholder servicing fees paid under the Fund's Shareholder Service Plan, financing fees and costs, and extraordinary expenses, such as litigation expenses) did not exceed 2.25% of the average daily net assets of the Fund.

Prior to July 2, 2025, the Investment Adviser had agreed to waive fees that it would otherwise have been paid, and/or to assume expenses of the Fund, if required to ensure the Total Annual Expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, Incentive Fees, acquired fund fees and expenses (as determined in accordance with SEC Form N-2), expenses incurred in connection with any merger or reorganization, any shareholder servicing fees paid under the Fund's Shareholder Service Plan, financing fees and costs and extraordinary expenses, such as litigation expenses) did not exceed 2.25% of the average daily net assets of the Fund. In each such case, for a period not to exceed three years from the date on which a Waiver was made, the Investment Adviser may recoup amounts waived or assumed, provided it is able to effect such recoupment and remain in compliance with the Expense Limit in effect at the time of the Waiver and the Expense Limit at the time of the repayment.

During the year ended June 30, 2026, the Investment Adviser waived fees and reimbursed expenses totaling \$69,957.

As of June 30, 2026, the Investment Adviser may seek recoupment for previously waived or reimbursed expenses, subject to the limitations noted above, no later than June 30 of the years stated below:

2027	\$ 401,305
2028	510,914
2029	<u>69,957</u>
Total	<u>\$ 982,176</u>

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

7. Investment Advisory and Other Agreements (cont.)

Distribution Services, LLC (the “Distributor”) acts as the principal underwriter of the Fund’s Shares. Prior to December 6, 2024, the Fund’s distributor was UMB Distribution Services, LLC. Financial Group, LLC (d/b/a ACA Group) acquired UMB Distribution Services, LLC pursuant to a transaction in which UMB Distribution Services, LLC became part of ACA Group’s distribution services arm.

UMB Fund Services, Inc. (“UMBFS” or “Administrator”) serves as the Fund’s fund accountant, transfer agent and administrator. For the year ended June 30, 2026, the Fund’s allocated UMBFS fees are reported on the Consolidated Statement of Operations.

A Trustee and certain officers of the Fund are employees of UMBFS or the Investment Adviser. The Fund does not compensate trustees and officers affiliated with the Administrator or Investment Adviser. For the year ended June 30, 2026, the Fund’s allocated fees incurred for Trustees who are not affiliated with the Administrator or Investment Adviser are reported on the Consolidated Statement of Operations.

Vigilant Compliance, LLC provides Chief Compliance Officer (“CCO”) services to the Fund. The Fund’s allocated fees incurred for CCO services for the year ended June 30, 2026, are reported on the Consolidated Statement of Operations.

PINE Advisors LLC (“PINE”) provides treasury services to the Fund pursuant to service agreements. In consideration for these services, PINE is paid a monthly fee out of the assets of the Fund. The Fund also reimburses PINE for certain out-of-pocket expenses. The Fund’s allocated fees incurred for treasury services for the year ended June 30, 2026, are reported on the Consolidated Statement of Operations.

8. Investment Transactions

For the year ended June 30, 2026, purchases and sales of investments, including principal reductions received, excluding short-term investments, were \$19,640,351 and \$9,485,696, respectively.

9. Commitments and Contingencies

The Fund is required to provide financial support in the form of investment commitments to certain investees as part of the conditions of entering into such investments.

Typically, when the Fund invests in a private Investment Fund, it makes a binding commitment to invest a specified amount of capital in the applicable private fund. The capital commitment may be drawn by the general partner of the private fund either all at once, or over time through a series of capital calls at the discretion of the general partner. As such, the unfunded commitments column below reflects the remaining amount of the Fund’s commitments to be called by the general partner of the private fund. The Fund also invests in certain debt and loan securities with unfunded commitments. At June 30, 2026, the Fund reasonably believes its assets will provide adequate cover to satisfy all its unfunded commitments.

The Fund’s unfunded commitments are as follows:

Investment	Unfunded Commitment
Investments valued at NAV as practical expedient*	\$ 39,349,843
Investments where value was determined using significant unobservable inputs	6,217,625
Total Unfunded Commitments	\$ 45,567,468

* See Note 3 for investments valued at NAV as a practical expedient.

Felicitas Private Markets Fund
Notes to Consolidated Financial Statements
June 30, 2026 — (Continued)

10. Line of Credit

On December 10, 2024 (the “Closing Date”), the Fund, together with the Subsidiary (“Pledgor”), secured a \$20,000,000 (the “Maximum Principal”) revolving line of credit (the “Facility”), subject to a borrowing base, with East West Bank (the “Bank”) with a letter of credit subfacility of up to 25% of the maximum principal. The Fund anticipates that this Facility will be used primarily for working capital requirements and for financing investments and funding associated costs and expenses. Borrowings under this Facility will be charged a rate of interest per annum that is the aggregate of the applicable margin of 0.35% and the variable rate of interest, per annum, that is most recently announced by the Bank, with an all-in floor rate equal to 5.75%. The maturity date of the Facility is December 10, 2026, extendable at the option of the Fund for successive periods of 12 months subject to satisfaction of certain conditions and payment of an extension fee.

On the Closing Date, the Fund owed a fully earned and non-refundable facility fee of \$200,000 (the “Upfront Fee”), with \$50,000 due and payable on the Closing Date and \$50,000 due and payable of the last day of each calendar quarter thereafter until the Upfront Fee has been paid in full to the Bank.

The Fund also pays a non-refundable fee payable quarterly to the Bank in arrears for the unused portion of the Facility (the “Unused Fee”). The Unused Fee is payable in an amount equal to (i) 0.55% per annum times the difference between the Maximum Principal and the average quarterly balance, if the average quarterly balance is equal to or less than 20% of the Maximum Principal, (ii) 0.35% per annum times the difference between the Maximum Principal and the average quarterly balance, if average quarterly balance is greater than 20% and equal to or less than 50% of the Maximum Principal, (iii) 0.25% per annum times the difference between the Maximum Principal and the average quarterly balance, if average quarterly balance is greater than 50% of the Maximum Principal. There was no unused fee payable as of June 30, 2026.

For the year ended June 30, 2026, unused fees of \$86,071 and interest expense of \$527,132 are disclosed on the Consolidated Statement of Operations as Line of credit fees and expenses.

The average interest rate, average daily loan balance, maximum outstanding and amount recorded as interest expense for the 365 days the Fund had outstanding borrowings were 7.35%, \$8,242,292, \$14,379,000, and \$527,132 respectively. As of June 30, 2026, the Fund had \$13,605,000 of outstanding borrowings on the line of credit. The carrying value of the line of credit approximates fair value as of June 30, 2026. The fair value of this debt obligation would be categorized as Level 3 under ASC 820-10.

11. Subsequent Events

The Fund has evaluated subsequent events through the date of issuance of this report and has determined that there have been no material events that would require disclosure, other than the following.

The Fund, effective July 1, 2026, has entered into an amended and restated investment management agreement (the “Investment Management Agreement”) with the Investment Adviser. Subject to the oversight of the Fund’s Board, the Investment Adviser provides day-to-day investment management services to the Fund, including selection and oversight of the Sub-Adviser and the Fund’s other service providers. Under the Investment Management Agreement, the Investment Adviser is entitled to a management fee, calculated and payable quarterly in arrears, at the annual rate of 1.00% of the Fund’s net assets at quarter-end.

Effective July 1, 2026, the Investment Adviser has entered into an amended and restated expense limitation and reimbursement agreement (the “Expense Limitation and Reimbursement Agreement”) with the Fund, whereby the Investment Adviser has agreed to waive fees that it would otherwise have been paid, and/or to assume expenses of the Fund (a “Waiver”), if required to ensure the Total Annual Expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined

11. Subsequent Events (cont.)

in accordance with SEC Form N-2), expenses incurred in connection with any merger or reorganization after commencement of Fund operations, any shareholder servicing fees paid under the Fund's Shareholder Service Plan, financing fees and costs, and extraordinary expenses, such as litigation expenses) do not exceed 1.50% of the net assets of the Fund on an annualized basis (the "Expense Limit"). Because taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses, expenses incurred in connection with any merger or reorganization after commencement of Fund operations, any shareholder servicing fees paid under the Fund's Shareholder Service Plan, financing fees and costs, and extraordinary expenses are excluded from the Expense Limit, Total Annual Expenses (after fee waivers and expense reimbursements) are expected to exceed 1.50%.

The Felicitas Private Markets Fund designates \$3,558,214 as a long-term capital gain distribution.

Approval of Investment Management Agreement and Sub-Advisory Agreement

At the meeting of the Board of Trustees (the "Board" and the members thereof, "Trustees") held on June 10-11, 2026 (the "Meeting"), the Board, including a majority of Trustees who are not "interested persons" within the meaning of Section 2(a)(19) of the Investment Company Act of 1940, as amended (the "Independent Trustees"), approved the continuation of the Investment Management Agreement between Skypoint Capital Advisors, LLC (the "Investment Manager") and Felicitas Private Markets Fund (the "Fund") (the "Investment Management Agreement") and the Sub-Advisory Agreement between the Fund, the Investment Manager and Felicitas Global Partners, LLC (the "Sub-Adviser") (the "Sub-Advisory Agreement" and together with the Investment Management Agreement, the "Advisory Agreements").

In advance of the Meeting, the Independent Trustees requested and received materials from the Investment Manager and Sub-Adviser to assist them in considering the approval of the Advisory Agreements. The Independent Trustees reviewed reports from third parties and management about the below factors, including a fund comparison report compiled by an independent third-party provider of investment company data, which included information comparing the Fund's performance, fees and expenses with those of a group of peer funds selected by the independent third-party provider. The Board did not consider any single factor as controlling in determining whether or not to approve either Advisory Agreement. Nor are the items described herein all-encompassing of the matters considered by the Board.

The Board engaged in a detailed discussion of the materials with management of the Investment Manager and Sub-Adviser. The Independent Trustees then met separately with their independent counsel for a full review of the materials. Following these sessions, the full Board reconvened and after further discussion determined that the information presented provided a sufficient basis upon which to approve the Advisory Agreements.

Felicitas Private Markets Fund
Fund Information
June 30, 2026 (Unaudited) — (Continued)

NATURE, EXTENT AND QUALITY OF SERVICES

The Board reviewed and considered the nature, extent and quality of the investment advisory services provided by the Investment Manager and Sub-Adviser to the Fund under the Advisory Agreements, including the selection of Fund investments by the Sub-Adviser. The Board also reviewed and considered the nature, extent and quality of the non-advisory, administrative services provided to the Fund by the Investment Manager and the Sub-Adviser, including, among other things, providing office facilities, equipment, and personnel. The Board also reviewed and considered the qualifications of key personnel of the Investment Manager and the Sub-Adviser, including the portfolio manager, who is employed by the Sub-Adviser, who provide the investment advisory and/or administrative services to the Fund. The Board determined that the Investment Manager's and the Sub-Adviser's key personnel were well-qualified by education and/or training and experience to perform the services for the Fund. The Board also took into account the Investment Manager's and the Sub-Adviser's compliance policies and procedures, including those used by the Investment Manager to determine the value of the Fund's investments. The Board concluded that the overall nature, extent and quality of the advisory and administrative services provided to the Fund was satisfactory.

PERFORMANCE

The Board considered the investment performance of the Investment Manager and Sub-Adviser with respect to the Fund. The Board further considered performance information of the Fund compared to comparable private markets funds selected by an independent third party (collectively, "Peer Group"), as well as one relevant index. The Board noted that the Fund's total return for the one-year period and the three-month period, each ended December 31, 2025, was the lowest in the Peer Group and was lower than the relevant index for the same periods. The Board considered the overall performance of the Fund and discussed the Fund's performance with the Investment Manager and Sub-Adviser, including the reasons for and any plans to seek to improve the Fund's performance. The Board recognized the efforts being taken by the Investment Manager and Sub-Adviser in the context of other factors considered relevant by the Board.

FEES AND EXPENSES

The Board reviewed and considered the advisory fee rate, sub-advisory fee rate and total net expense ratio of the Fund, noting that the Investment Manager pays the Sub-Adviser from its fee. The Board compared the advisory fees, sub-advisory fees and total net expense ratio for the Fund with various comparative data, including a third party report on the advisory fees and expenses of the Peer Group. The Board noted that the Fund's current advisory fees were higher than both the Peer Group median and average, but that the Fund's current total net expenses were lower than the Peer Group median and average, after accounting for acquired fund fees and expenses. The Board then noted that the Investment Manager had agreed to reduce its management fee so that it was lower than both the Peer Group median and average. In addition, the Board noted that the Investment Manager was also proposing a revised expense limitation and reimbursement agreement that would reduce the contractual limit of the Fund's total annual operating expenses and that such agreement would automatically renew for consecutive one-year terms unless the agreement was terminated. The Board concluded, after taking into account the agreed-upon fee reduction, that the advisory fees paid by the Fund, the sub-advisory fees payable to the Sub-Adviser and total net expense ratio of the Fund were reasonable and satisfactory in light of the services provided.

BREAKPOINTS AND ECONOMIES OF SCALE

The Board reviewed the structure of the advisory fees under the Investment Management Agreement and the fees paid by the Investment Manager to the Sub-Adviser under the Sub-Advisory Agreement, neither of which included breakpoints. The Board then took into account the Investment Manager's and Sub-Adviser's assertions that that breakpoints were not necessary at current asset levels and noted their intention re-evaluate if assets grew. The Board also determined that, given the Fund's current size, economies of scale were not present at this time.

Felicitas Private Markets Fund
Fund Information
June 30, 2026 (Unaudited) — (Continued)

PROFITABILITY OF THE INVESTMENT MANAGER AND SUB-ADVISER

The Board considered and reviewed information concerning the costs incurred and profits realized by the Investment Manager and Sub-Adviser from their relationships with the Fund. The Board also reviewed the Investment Manager's and Sub-Adviser's financial condition. The Board noted that the financial condition of each of the Investment Manager and Sub-Adviser appeared stable. The Board determined that the advisory and sub-advisory fees, as presented at the Meeting, and the compensation to the Investment Manager and Sub-Adviser were reasonable and the financial condition of each was adequate.

ANCILLARY BENEFITS AND OTHER FACTORS

The Board also discussed other benefits to be received by the Investment Manager and Sub-Adviser from their management of the Fund including, without limitation, reputational benefits and the ability to market advisory services for similar products or other funds managed by the Investment Manager and/or Sub-Adviser in the future. The Board noted that the Investment Manager and the Sub-Adviser did not have affiliations with the Fund's transfer agent, administrator, custodian or distributor, and therefore, do not derive any benefits from the relationships these parties may have with the Fund. The Board concluded that the advisory fees were reasonable in light of the fall-out benefits.

GENERAL CONCLUSION

Based on its consideration of all factors that it deemed material, and assisted by the advice of its counsel, the Board concluded it would be in the best interest of the Fund and its shareholders to approve the continuance of the Advisory Agreements.

PRIVACY NOTICE

FACTS	WHAT DOES THE FUND DO WITH YOUR PERSONAL INFORMATION?
Why?	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.
What?	The types of personal information we collect and share depend on the product or service you have with us. This information can include: • Social Security number • Account balances • Account transactions • Transaction history • Wire transfer instructions • Checking account information When you are <i>no longer</i> our customer, we continue to share your information as described in this notice.
How?	All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons funds choose to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does the Fund share?	Can you limit this sharing?

For our affiliates' everyday business purposes — information about your transactions and experiences	Yes	No
For our affiliates' everyday business purposes — information about your creditworthiness	No	We don't share
For our affiliates to market to you	No	We don't share
For nonaffiliates to market to you	No	We don't share

What we do	
How does the Fund protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.
How does the Fund collect my personal information?	We collect your personal information, for example, when you Open an account Provide account information

	Give us your contact information Make a wire transfer Tell us where to send the money We also collect your information from others, such as credit bureaus, affiliates, or other companies.
Why can't I limit all sharing?	Federal law gives you the right to limit only Sharing for affiliates' everyday business purposes — information about your creditworthiness Affiliates from using your information to market to you Sharing for nonaffiliates to market to you State laws and individual companies may give you additional rights to limit sharing.
Definitions	
Affiliates	Companies related by common ownership or control. They can be financial and nonfinancial companies.
Nonaffiliates	Companies not related by common ownership or control. They can be financial and nonfinancial companies. <i>The Fund doesn't share with nonaffiliates so they can market to you.</i>
Joint marketing	A formal agreement between nonaffiliated financial companies that together market financial products or services to you. <i>The Fund doesn't jointly market.</i>
